## 2nd Nordic International Digital Circuit 2017

The Nordic Society of Photography proudly presents the "2nd Nordic International Digital Circuit 2017" which is one of the few circuits in the Nordic countries. The exhibition is a four country circuit in collaboration with the national organizations in Sweden, Norway, Finland and Denmark. The exhibition has received PSA Recognition, FIAP Patronage and GPU License.

Almost 560 photographers from more than 60 countries have sent about 4200 photos for assessment, which is an increasing number of participants compared with last year! This shows that the Nordic International Digital Circuit is now an established and appreciated exhibition.

We should like to thank all of you who entered this exhibition. It has been a pleasure and a privilege to take part of your photos.

Congratulations to those who were successful, and the rest of you we wish better success in our next exhibition 2018.

In this PDF-catalogue you can take part of all the accepted and prize winning photos.

**Please enjoy!**
