NFFF 4th Nordic International digital circuit

FROM THE PRESIDENT

The Nordic Society of Photography proudly presents the 4th Nordic International Digital Circuit 2019 which is one of the few circuits in the Nordic countries. The exhibition is a four country circuit in collaboration with the national organizations in Sweden, Norway, Finland and Denmark

The exhibition has received PSA Recognition, FIAP Patronage and GPU License.

Almost 500 photographers from 45 countries have sent almost 4000 photos for assessment, which is almost the same number of participants as last year!

Once again a great success!

This shows that the Nordic International Digital Circuit is now an established and appreciated exhibition.

We would like to thank all of you who entered this exhibition. It has been a pleasure and a privilege to take part of your photos.

Congratulations to those who were successful, and the rest of you we wish better success in our next exhibition 2020.

In this PDF-catalogue you can take part of all the accepted and prize winning photos.

Please enjoy!

FROM THE EDITOR

I am proud to present the results of the 4th Nordic Digital Circuit 2019.

It is a particular joy to present this catalogue, because the quality of images is so high, year after year. Being the editor gives a wonderful travel thru the world of amateur photography.

A total of 477 authors from 51 countries all over the world, who sent in 3574 images. Hereof 1715 monochrome and 1859 colour.

Thanks to the four juries who judges the wonderful high number of images.

Special thanks go to Pekka Salminen, who keeps order in payment, follows up any irregulaities, and always is available.
