The Nordic Society of Photography proudly presents the 5th Nordic International Digital Circuit 2020 which is one of the few circuits in the Nordic countries. The exhibition is a four country circuit in collaboration with the national organizations of camera clubs in Sweden, Norway, Finland and Denmark. The exhibition has received PSA Recognition, FIAP Patronage and GPU License.

Almost 500 photographers from more than 50 countries have sent more than 4000 photos for assessment, and that is an increase compared to last year!

Once again a great success!

This shows that the Nordic International Digital Circuit is now an established and appreciated exhibition. We would like to thank all of you who entered this exhibition. It has been a pleasure and a privilege to take part of your photos. Congratulations to those who were successful, and the rest of you we wish better success in our next exhibition 2021.

In this PDF-catalogue you can take part of all the prize winning photos. Please enjoy!
